

Installationshinweise / Installation note

1-Phase Ein-/Aufbauschienen mit Adapter / 1-Phase mounting tracks with adapter

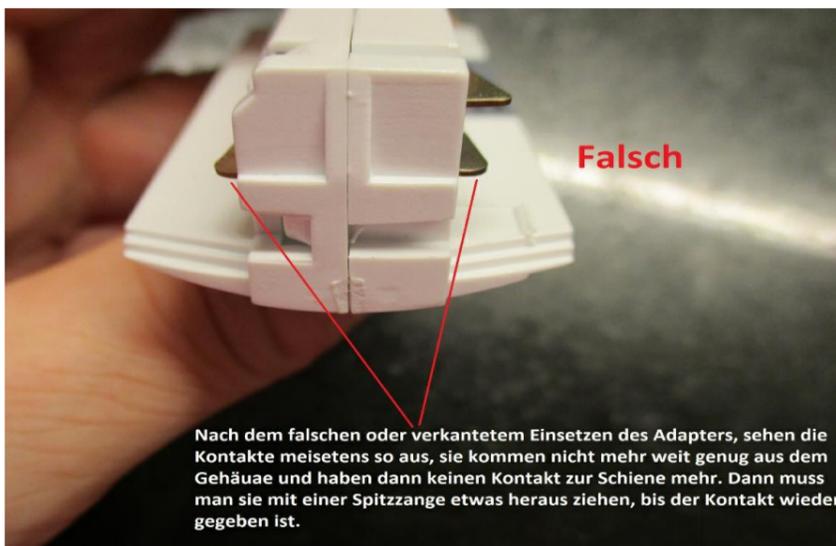

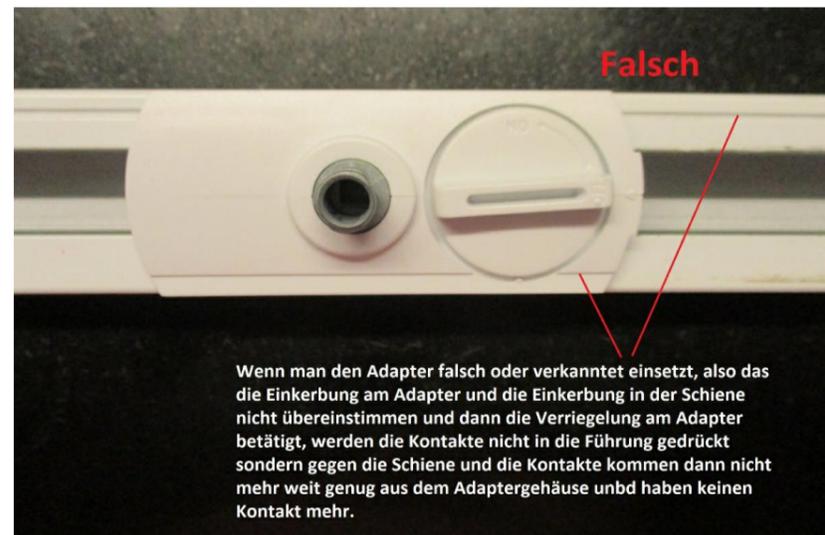

Sehr geehrte Kundin, sehr geehrter Kunde,

bitte beachten Sie bei der Installation der 1-Phase Ein-/Aufbauschienen mit Adapter die folgenden Punkte.

→ Anleitung beachten

→ kurze/gedrückte Kontakte

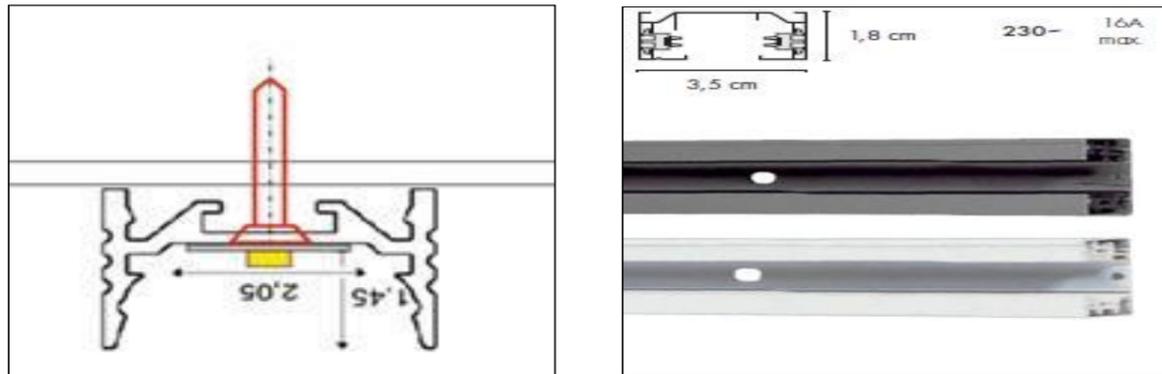

Installationshinweise / Installation note

1-Phase Ein-/Aufbauschienen mit Adapter / 1-Phase mounting tracks with adapter

die Schraubstelle vermeiden

Schraubenkopf ist zu groß, um den Adapter an der gleichen Stelle sitzen zu lassen. Bitte den Adapter minimal nach links/rechts neben den Schraubenkopf verschieben.

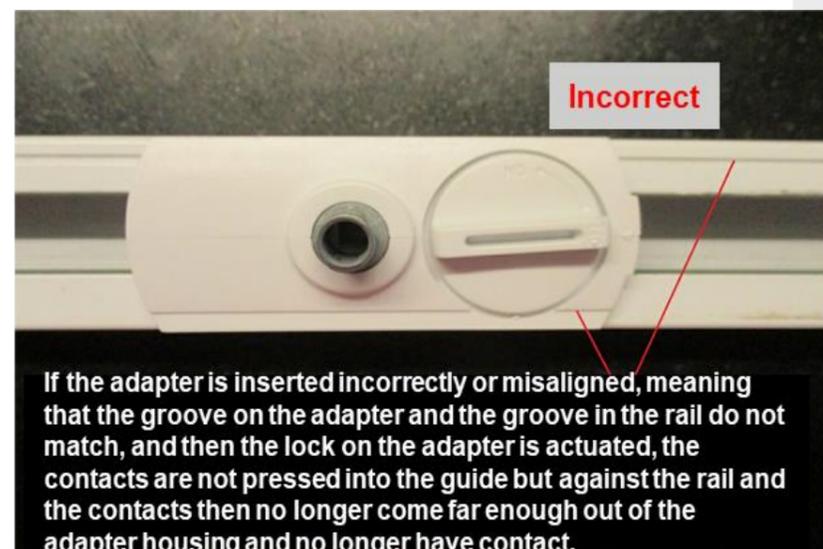

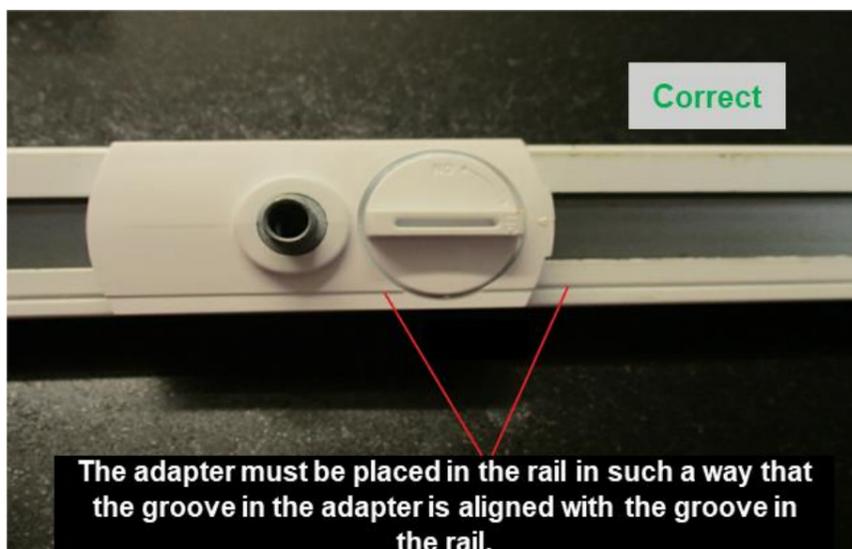

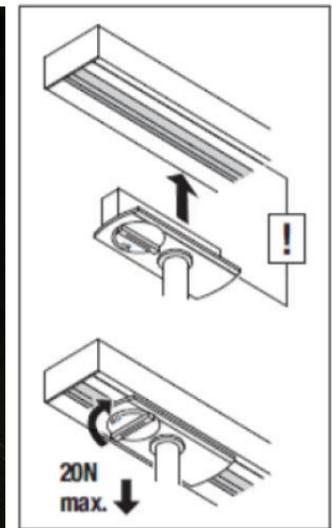

Bei Rückfragen rufen Sie bitte unsere Service Hotline an.

Ihr SLV Technical Service

Dear Customer,

Please consider the following points when installing the 1-Phase mounting tracks with adapters:

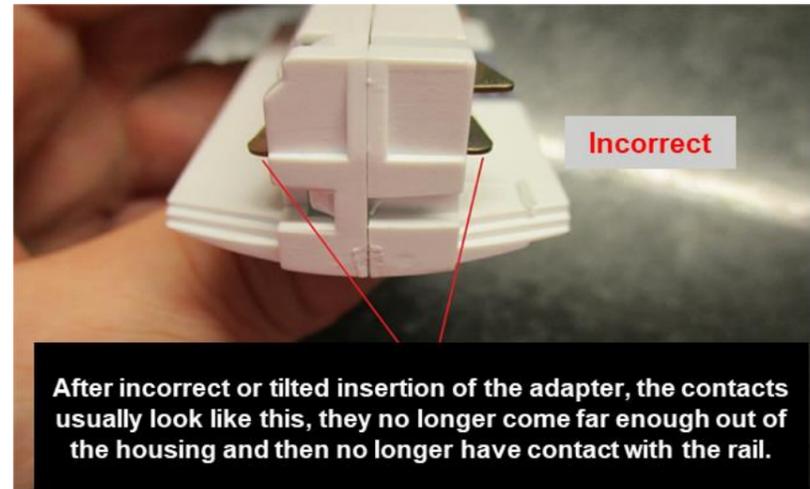

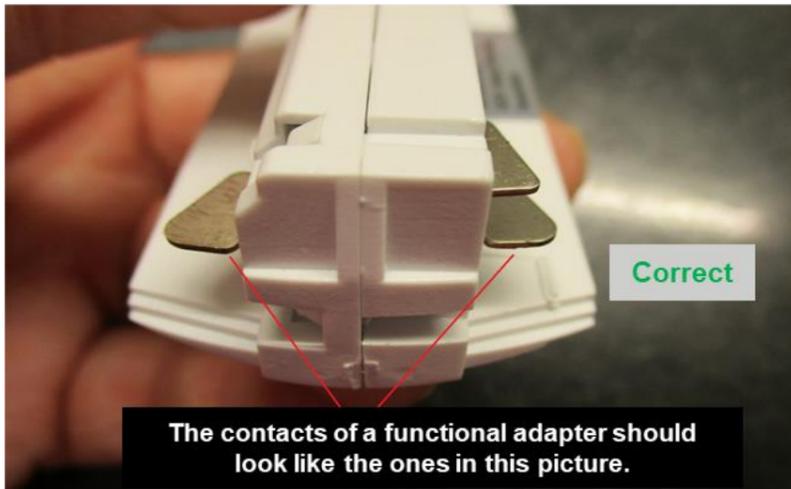

→ **Follow Instruction**

Installationshinweise / Installation note

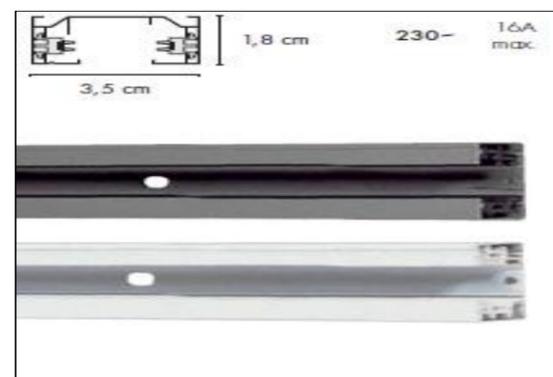

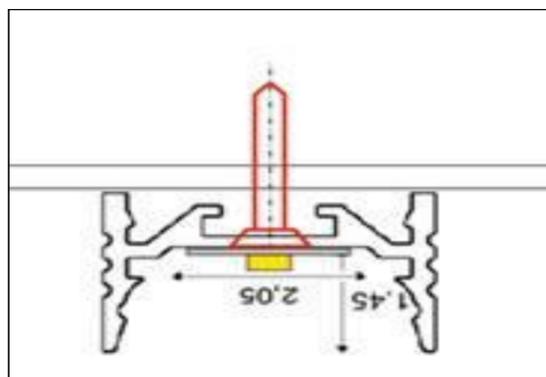

1-Phase Ein-/Aufbauschienen mit Adapter / 1-Phase mounting tracks with adapter

→ Short/ pressed contacts

→ Avoid the screw position

Screw head is too big to let the adapter sit in the same place. Please move the adapter minimally to the left/right of the screw position.

If you have any questions, please contact our Service Hotline.
